BAZAAR

▲ WOVEN WICKER

Sutherland is introducing its classic designs in a lightweight, all-weather synthetic. The no-maintenance modular Poolside Collection offers woven wicker furniture that blends with Sutherland's teak and powder-coated aluminum lines. Resistant to UV rays, frost, heat, chlorine and salt. sutherlandfurniture.com

► EASY CLEAN UP

Kalamazoo has just introduced the first dishwasher specifically designed to work outside and withstand the elements. It features a system that cleans dishes that have been sitting outdoors or pots and pans that have been used over the heat of a grill fire. Available in July 2011. kalamazooogourmet.com

▼ ON THE HORIZON

Gloster's new Horizon Club Collection includes six curved, moveable seating modules that can be arranged to suit any space. They are made from hand-woven, all-weather wicker over a powder-coated aluminum frame; a matching side table completes the picture. gloster.com
